Full-Stack Software Developer with a passion for game development. Over a decade of management experience across multiple industries with success. Looking forward to leading teams of developers in the future.

## Technical Skills

HTML - CSS - Bootstrap - JavaScript - jQuery - Java SE - Java EE - Spring - MySQL - Thymeleaf - Object-Oriented Programming - Test-Driven Development - Version Control with Git - MVC - Paired Programming

## Development Projects

### *Helping Hands (Capstone Project)*

Full-stack web application built with Java, Spring Boot, MySQL, HTML, CSS, SASS/SCSS, JavaScript, and jQuery.

### *Nemesis Engage (Turn-Based Fighting Game)*

My first web-based video game built with HTML, CSS, JS, jQuery

### *Six Degrees of Sandler (Movie Application)*

Used JavaScript and AJAX requests to allow users to search, add, edit, and delete movie information by name and category.

### *Boom! Roasted. (Coffee Project)*

Created a JavaScript application to allow users to search, add, edit, and delete coffee roasts. Styled with Bootstrap.

## Professional Experience

### Internet Sales Director

*Teamcast, LLC. San Antonio, TX / Jun 2017 - Jul 2020*

- Utilized MS Office/Google Drive daily to organize information for orders, created templates to increase procedural efficiencies, oversaw profit analyses of potential accounts, enhanced targeted efforts towards customers, and assessed needs from the art/web development team to drive the online and local marketing in concert with the sales force.
- Conducted weekly and monthly meetings with department heads to shore up processes, as well as with individual employees for reviews of performance.
- Performed back-end maintenance of multiple e-commerce websites via WordPress and developed SEO content for promotional website launches.

### Store Manager

*Jason's Deli, San Marcos, TX / Apr 2015 - Jun 2017*

- Helped the store achieve COGS target marks through decision making regarding controllables such as labor, food cost, and inventory replenishment.
- Coordinated daily catering with Texas State University for students, staff, athletes, events and alumni alike.
- Utilized MS Office to process cash drawers/deposits, daily communication logging for management team, created weekly schedules for employees, processed new employee paperwork, and assisted in maintenance of Accounts Receivable systems.

## **General Manager**

*Moe's Southwest Grill, Lakeland, FL / Mar 2014 – Apr 2015*

- Managed 4 of the 14 franchise locations in Central Florida based on timing of location needs
- Began utilization of MS Office to encapsulate financial records for sales, organized cohesive schedules for employees, as well as ensured day-to-day requirements were met
- Interacted with customers, contributed to employee morale, and maintained environmental standards of the facilities.

## **Education**

### **Codeup**

*Certificate of Completion / 2021*

A fully-immersive, project-based, and intensive 22-week Full-Stack Java Career Accelerator that provides students with 670 hours of expert instruction in software development.
