

Josiah (Joe) Cuthbert

Software Developer

Curious, driven, and process-oriented recent coding program graduate. Excited to repurpose skills acquired in previous role in product management to a new career in software development

210.259.6441 / josiah.thomas.cuthbert@gmail.com / LinkedIn: [josiah-cuthbert](#) / Github: [JosiahCuthbert](#)

Technical Skills

HTML, Javascript, CSS, Paired Programming, Object Oriented, Project Management, Bootstrap, JQuery, VCS with Git, Thymeleaf, Test-Driven Development, Java SE, Java EE, Spring Boot Framework, MySQL

Development Projects

Mapbox API WeatherMap

- This project displays dynamic weather information for locations across a map. Users can select any location on a map, generated by the Mapbox API, and weather information will be retrieved from a weather information API and displayed for the selected location. Utilizes Javascript, REST APIs, HTML, and CSS.

PharmHands

- A full stack application built as part of a team with 3 other developers. A pharmacy website where doctors, pharmacists, and patients can interact and handle all needs for a patient's prescription. Built using a Java backend and Spring Boot framework with HTML/CSS/Javascript/MySQL.

Spring Blog

- Full stack blog application built using Java and Spring Boot framework with HTML/CSS/Javascript/MySQL.

Professional Experience

Reynolds and Reynolds – Houston, TX

March 2019 – September 2020

Product Analyst

- Learned to excel in a Product Management environment. Designed, tested and implemented numerous projects across my time with the company.
- Led design, testing, and implementation process of a significant cost cutting project which estimated saving the company over \$100,000 in yearly expense.
- Researched software issues reported by users on a day-to-day basis and communicated findings with Development to facilitate efficient implementation of fixes to production environment.

Blueprint Ministries – San Antonio, TX

May 2015 – January 2019

Construction Staffer/Constuction Leader

- Began at Blueprint Ministries as a college aged summer staffer, leading groups of volunteers in roofing, flooring, and drywalling to restore homes for impoverished San Antonio residents.
- Upon promotion, transitioned to a leadership role over summer staff and participated in planning and goal-setting with management.

Education

Codeup

2021

Certificate of Completion

- A fully-immersive, project-based, and intensive 22-week full-stack Java career accelerator that provides students with 670+ hours of expert instruction in software development.

Abilene Christian University

2015 – 2018

Bachelor of Business Administration in Financial Management
