Technical Skills

HTML, CSS, Bootstrap, JavaScript, jQuery, Java, Spring, MySQL, Object-Oriented Programming, Test-Driven Development, Version Control with Git, Paired Programming

Education

Codeup

Certificate of Completion

Jan 2021 - June 2020

A fully-immersive, project-based, and intensive 20-week Full-Stack Java Career Accelerator that provides students with 670 hours of expert instruction in software development.

Volunteer Experience

Fin Addict Angler Foundation

TWPD Certified Angler Educator

Jan 2016 - Present

Works as a Angler Educator, Photographer, Merchandiser, Fundraiser and Volunteer

Software Developer and creative self-starter who worked in a high trust banking environment with many years with customer-focused consumer banking experience. Merging front-end and back-end teams through full-stack and project management skills to create applications that maximize reliability for the best user experience.

Development Projects

[On The House- Capstone Project](#)

On The House is a mobile friendly web application intended to connect people within a short distance to others who have items and are willing to part with them for free, all for the betterment of their community and the environment. This project utilizes Java, MySQL, Spring, Javascript, HTML, CSS and Bootstrap.

[Portfolio Project](#)

An individual labor of love that presents projects I have worked on while studying at Codeup. Planned, built framework and created from the ground up. This website is an Interactive portfolio that utilizes Javascript, HTML and CSS.

[Movie Project](#)

Developed a working application that lets users view, input, edit, and delete movie data in real time. A paired programming assignment utilizing the Movie Database API, as well as Javascript, HTML, and CSS. I enjoyed problem solving with a partner for this project.

[Coffee Project](#)

An application that lets users view or add coffees along with the ability to sort by coffee name or roast type. Paired programming project that strengthened GIT branching skills. Used Javascript, HTML, and CSS.

Professional Experience

Security Service Federal Credit Union - San Antonio, TX

Member Relationship Officer / Oct 2020 - Nov 2021

- Supported members by delivering attentive service and education to reach financial goals. Strived to create a positive member experience in a remote Covid environment.
