EDUCATION

B.S. Business Management

University of Phoenix
San Antonio, TX

Full-Stack Software Developer Program

Codeup
San Antonio, TX

PROJECTS

Camera Exchange CMS

Software Platform: PHP, MySQL

Team Size: 2

Developed a web app that allows employees to add, edit, delete discounts and promotions on current inventory through an easy to use GUI. Increased employee productivity by 18%.

Portable Device Fix CMS

Software Platform: PHP, Bootstrap, MySQL, JavaScript

Team Size: 2

Developed a web app that allows employees to add customers and devices to a repair queue. Also prints a claim check for the customer and a receipt for repairs to the customers device(s).

EXPERIENCE
