Minishift

PROFESSIONAL EXPERIENCE

Lyft Driver 2015 - 2019

Self-reliant for scheduling and work ethic. Constantly adapted to emerging situations while maintaining a 5-Star rating from clients.

Toyota Of Boerne Internet Sales 2012 - 2013

Utilized web-based programs to drive sales. Responsible for \$2.5 million in total sales. Developed strong self-sufficiency in a high-stress, results based environment.

MILITARY SERVICE

US Navy Cryptologist/Spanish Linguist 2005 - 2010
Top Secret/SCI Clearance (EXP 2012)

Served as a signals intelligence analyst and linguist. Queried, translated, and analyzed multiple data sources to produce actionable solutions for strategic decision makers in the areas of counter-narcotics, economic foreign policy, and weapons procurement. Received four promotions in three years in an extremely competitive and high-stress work environment. Achieved 3/3 DLPT scores ranking as a near-native speaker in Spanish.

DEVELOPMENT PROJECTS

SwoleMates Apr 2020
Full Stack application that lets users find a workout partner in their area. Users can find matches based on several customizable parameters like age, gender, and workout type. SwoleMates utilizes languages such as HTML, BootStrap, CSS, Java, MySql Database, and Spring Security.

Ad Lister Project Mar 2020

Application designed to allow users to post advertisements for items they wish to sell, as well as create & manage accounts and personal profiles. The project incorporates elements such as password hashing, MySQL Database and the Maven library. Languages used to develop this application are Java, CSS, Html, Bootstrap.

Death Road Text Adventure Game Jan 2020

Used several Java techniques to create a choose-your-own-adventure game using the Java Console. The game combined delay and formatting techniques with dozens of possible plot outcomes to create a fun and unique UX.

ACADEMIC BACKGROUND

Codeup Certificate of Completion Apr 2020

A fully-immersive, project-based, and intensive 20-week full stack Java career accelerator that provides students with 670+ hours of expert instruction in software development.

Defense Language Institute (DLI) Spanish Certificate w/ Honors Oct 2005

A 6 month foreign language intensive course designed to equip students with near-native skills in reading, writing, and speaking. Spent 1400+ hrs immersed in a non-English environment. Required to become proficient in critical analysis and attention to detail to facilitate communication and cryptography.
