

JESUS R. GARZA

SOFTWARE DEVELOPER

Software Developer with a strong understanding of object-oriented programming, debugging and developing in both statically-typed, and dynamically-typed programming languages. I am ready to learn new technologies and work with a team to build meaningful applications.

 (956) 270-0379  [JessRG](#)  jesusgarza2511@gmail.com  [jesusgarza25](#)

TECHNICAL SKILLS

HTML	MySQL
CSS	Spring Boot
JavaScript	Framework
Bootstrap	jQuery
VCS with Git	MVC
Paired Programming	Java EE (Servlets,
Object Oriented	JSP)
Programming	

EXPOSURE TO

Node.js
Webpack
React
TDD
MongoDB

EXPERIENCE

**UNITED STATES MARINE CORPS,
CALIFORNIA — FIELD RADIO OPERATOR**
November 2009 - November 2013

Set up communications with infantry platoons by programming various portable radio communications equipment during field training exercises as well as overseas operations and maneuvers.

DEVELOPMENT PROJECTS

ADLISTER

A backend focused application that uses servlets, Java Server Pages (JSP), JSP Standard Tag Library (JSTL), sessions and cookies, Java Database Connectivity, and implements the Model-View-Controller (MVC) design pattern.

WEATHER MAP

Weather Map application that implements two APIs to forecast weather at a specific place on a responsive map. This project was setup using two APIs that work together to retrieve both coordinates and weather information.

MOVIES PROJECT

A tour website which implements a back-end API, the Model View Control methodology, and performs CRUD operations.

EDUCATION

CODEUP

Certification of Completion, 2020

A fully-immersive, project-based, and intensive 20-week full-stack Java career accelerator that provides students with 670+ hours of expert instruction in software development.

TEXAS A&M UNIVERSITY - CORPUS CHRISTI

Bachelor of Science, 2015-2019

Bachelor's Degree in Computer Science focused in Systems Programming.
