Navy Veteran with engineering leadership experience, strong communication skills, and a diverse technical background transitioning into software development. I've developed strong problem-solving skills, adaptive and comfortable working in fast-paced environments and look forward to a career where I can leverage technology to solve client problems.

Technical Skills

HTML - CSS - Bootstrap - JavaScript - jQuery - Java SE - Java EE (Servlets, JSP) - Spring - MySQL - Thymeleaf - Object-Oriented Programming - Test-Driven Development - Version Control with Git - Paired Programming

Development Projects

Tier-1

- Worked as a team of four to build an application called "Tier-1" using Java, Spring, Javascript, HTML. It provides a unified, industry-specific hiring platform that saves employers time in recruiting/hiring and finding clients, saves money by hiring quality applicants.

FoodLister

- The FoodLister application is a back end focused imitation of craigslist using Java, MySQL, servlets, and Tomcat to deploy the project. Any user with a login has CRUD functionality for their profile and ads. Users can register, login, view and create ads, and edit/delete their own ads.

Movie Application

- The Weather Map application is a project that uses two REST APIs in conjunction with one another to either forward or reverse geocode a location and then access and display weather for that location. jQuery, Javascript, Bootstrap, CSS, and HTML provide functionality and styling.

Military Experience

U.S Navy - Fort Worth , TX

Enginemen / Jun 2014 - Jan 2020

- Lead four personnel in conducting preventative and corrective maintenance on main propulsion Diesel engines, air compressors, also lube oil and fuel oil pumps.
- Trained and qualified over 10 junior sailors increasing workcenter productivity by 50%
- Awarded Naval Reserve Meritorious Service Medal and Good Conduct Medal.

Professional Experience

Perry Perry Builders - Dallas, TX

Assistant Superintendent / Oct 2017 - March 2020

- Promoted within a year to assistant superintendent. Based on my leadership skills and my ability to leverage spanish language fluency for business solutions.
- Aided in the professional development of my peers by teaching them english to increase their customer facing skills. Resulted in the promotion of three lead welders into management.
- Supervised and managed the operations of Globe Life Field - Texas Rangers Stadium; Completed the project before our due date. And were able to pick up on other companies' jobs who were behind schedule.

Education

Codeup

Certification of Completion

Dec 2020 - Jun 2021

A fully-immersive, project-based, and intensive 22-week Full-Stack Java Career Accelerator that provides students with 670 hours of expert instruction in software development.
