TERRY HALE

San Antonio, TX

OBJECTIVE

To grow in a progressive organization as a software developer where the blend of my recent full-stack boot camp, enhanced project management skills and experience in leadership can support the goals of the company.

PROJECTS

DiscoveryPlayhouse.club

- Applied Spring Framework to develop a mobile-friendly web application that automates tracking, alerts, notifications and operations of a daycare. Utilized MySQL, jQuery, JavaScript, Bootstrap, custom CSS and HTML.

Adlister

- Applied Java and MVC framework to create a full-stack Craigslist clone allowing users to register, create, edit, and delete and view all ads. Utilized MySQL, HTML, CSS and Bootstrap.

Movie Database

- Applied Node Package Manager to allow users to seamlessly add, edit, rate and delete movies from their own database. Utilized JavaScript, ES6, jQuery, Bootstrap, HTML and CSS
-

PROFESSIONAL EXPERIENCE

HIGH SCHOOL TEACHER/COACH

La Vernia High School, La Vernia, TX

9/2016 - 8/2017

Supervisor: Kimberly Martin, 830-779-6630, may contact

Port Aransas High School, Port Aransas, TX

1/2014 - 8/2016

Supervisor: Sharon McKinney, 361-749-1205; may contact

- Assisted in the development and implementation of student lesson plans in accordance to the school's protocols.
- Provided a classroom environment conducive to learning by using a variety of teaching styles such as group discussions, lectures, simulation and completion of assignments.
- Applied educational methods for students' progress, both educational and social development, as directed towards objectives and expectations
- Developed and administered specific assessments to measure students' competency levels

SECURITY FORCES

United States Air Force, Lackland AFB, TX

5/1995-10/2013

Supervisor: Michael Lavanway, 210-380-5853; may contact

- Implemented strategic view by authoring a new course curriculum for the Apprentice Course and Combat Leaders Course. Problem solving skills steered the modifications and rewrite of 10-year outdated curriculum.
- Taught college-level courses, documenting more than 3,000 hours as a Subject Matter Expert, educating 5,300 adult learners annually, totaling 20,000+ students over the course of a four-year commitment.
- Displayed leadership capability over 48 instructors who trained and mentored 5,300 students and 300 combat leaders annually. Tireless work ethic tracked over 11,000 lecture hours and 22,100 student credit hours.
- Planned and managed over 15 projects utilizing project management concepts, including structure, timeline, forecasted resources, and coordination with outside agencies.
