EDUCATION

Codeup

May 2018 - Oct 2018

Fully-immersive, project-based, and intensive 18-week full stack Java career accelerator that provides students with 600+ hours of expert instruction in software development.

Hardin Simmons University

Aug 1991 - May 1992

Bachelor of Criminal Justice | Major

TECHNICAL SKILLS

HTML5 - CSS3 - JavaScript - Java

Bootstrap - jQuery - Spring

MySQL - Git - Github - IntelliJ

Remote collaboration - Screen sharing

As a self-starter, team player, and multitasker, I strive to consistently exceed expectations. After 7 years in the oil and gas industry, I am seeking a new challenge in the I.T. industry, which will utilize my meticulous attention to detail, problem solving skills, and desire to learn on a daily basis.

PROFESSIONAL EXPERIENCE

C&J Energy

Jan 2017 - Dec 2017

Pump Operator II

As a Pump Operator II, I helped the Lead Supervisor set up and spot our equipment. I laid out the iron needed to rig up from the well-head to the frac pump.

I also monitored the pump pressure and watched for any hazards while we pumped down wireline down hole.

ABC Roofing Supply

July 2016 - Jan 2017

Transfer Driver

As a Transfer Driver, I performed Department of Transportation inspection on my tractor-trailer daily. My duties included picking up materials from local and surrounding stores in Austin and San Antonio, TX.

Frac Tech

Aug 2011 - May 2016

Service Supervisor In Training

As a Equipment Operator, I was part of a crew Who work together to provide top-notch customer service, maintained high safety standards, and troubleshoot any equipment issues. Worked my way up to Service Supervisor in Training, where I trained to manage my crew, equipment, maintenance logs, and crew driving logs. I held safety meetings and handled all other issues that arose.
