

# ALEXANDER LEE

## SOFTWARE DEVELOPER

A developer that believes in dedication and efficiency. One that is detailed-oriented who works well both solo and in a team. I am a fast learning developer that is committed to working hard and perfecting my skills in programming.

Phone: 830-822-5453 Email: AlexWonkeunLee@gmail.com Github: AlexWonkeunLee LinkedIn: alexwonkeunlee

### TECHNICAL SKILLS

HTML	Java SE
CSS	MySQL
JavaScript	Spring Boot Framework
BootStrap	JQuery
VCS with Git	Object Oriented
Paired Programming	Programming
TDD	Java EE

Exposure to:  
Java Swing  
Android Development

### PROFESSIONAL EXPERIENCE

**IRS** 02/2019 - 07/2019  
**Mail and File Clerk**

Maintained records and other documents, processed outgoing mail, and followed up on shipments to ensure delivery.

**Mouser Electronics** 12/2017 - 05/2018  
**Stock Control Associate**

Scanned products in order to be stocked, verified information and replaced if needed using the WCS system.

**Allied Electronics** 05/2017 - 10/2017  
**Associate (Consolidation and Heavy Packer)**

Consolidation involved processing orders for stocking. Heavy Packing involved inspecting orders for defects, prepping fragile items, and packaging them for safe transport.

### DEVELOPMENT PROJECTS

**Contagion.Watch** 02/2020

A group project that employs the Spring Boot Framework to build a fully functioning web application. This application shows information and real-time updates of certain diseases utilizing Mapbox. It pulls this information from 3 different API and allows users to filter by location and disease.

**Texas Adlister** 01/2019

A full-stack Java group project that utilizes MVC design to connect a web based application to a MySQL database. The application would allow a user to create a profile, post and edit ads, and browse other user's ads.

**Movie List** 11/2019

A paired programming project utilizing JSON database and generating an html page based on the JSON responses. It iterated through a complex API to retrieve specific information.

### EDUCATION

**Codeup** 02/2020

**Certificate of Completion**

A fully-immersive, project-based, and intensive 20 week full stack Java career accelerator that provides students with 670 hours of expert instruction in software development.

**Central Texas College** 11/2020

**Computer Science Associate's Degree**

Currently pursuing an associate's degree that will be completed by the end of the year 2020.
