PROFFESIONAL EXPERIENCE

KCI 2017-2018

CUSTOMER SERVICE REPRESENTATIVE

As a CSR I was responsible for taking calls from nurses and patients who needed services on a medical vacuum. Some services would be educating on how the vacuum operated, to scheduling pickups and ordering parts.

ALORICA 2015-2017

CUSTOMER SERVICE REPRESENTATIVE

As a CSR I was responsible in giving customers their balance, inquires about transactions and help setup temporary bank cards.

BUFFALO EXCHANGE 2012-2015

BUYER

Assisted customers in the selling of clothes. I was responsible for checking garments for use or damage along with comparing styles to current fashion trends. I was awarded Employee of the Year of 2013.

DEVELOPMENT PROJECTS

BEXAR COUNTY ROAD CONDITIONS FEB 2020

An application based off of users marking bad road conditions in Bexar county region to help prevent traffic and provide caution for the safety of drivers. My contribution was the front-end Bootstrap design work, along with creating the wireframes.

ADLISTER JAN 2020

A full stack Java application that utilizes MySQL for the database, as well as the MVC design pattern to let a user register, create ads, view all ads, search through ads by key words and categories. My contribution was front end design of it.

DMT FURNITURE DEC 2020

Personal project, I created a portfolio for an artists to showcase their furniture and designs, with zoom details using JQuery, Javascript, HTML and CSS.

MOVIES APPLICATION NOV 2019

An application that allows users to add, edit, and delete movies, as well as rate them. On the project was used Javascript, while mocking a json database. My contribution to the project was the HTML and CSS.

EDUCATION

CODEUP FEB 2020

Certificate of Completion

A fully-immersive, project-based ,and intensive 20 week full-stack Java career accelerator, that provides students with 670+ hours of expert instruction in front and back end development.

AWARDED WOMEN IN TECH SCHOLARSHIP
