EXPERIENCE

James Avery Craftsman 2017 - 2018
Assistant Store Manager

Assisted in managing daily operations of a store. Recruited, hired and trained associate team members, monitored compliance with company and safety policies, approved supply expenditures, and developed personalized action plans to improve individual performance.

James Avery Craftsman 2016 - 2017
Sales Team Leader

Assisted in store supervision. Provided leadership and training in sales, directed personnel, ensured associates complied with company policies, and led by example to elevate employees' professionalism and increase store metrics.

James Avery Craftsman 2015 - 2016
Sales Associate

Assisted guests with selection and purchase of custom jewelry, and provided the highest level of customer service.

Koko FitClub 2014 - 2015
Fitcoach

Educated and trained members in fitness and nutrition. Developed marketing / strategy plan and analyzed 12-month sales data for 2015 to grow club capacity and acquire new members.

PROJECTS

TECHTREK JUNE 2020

Full-stack application intended to streamline the career transition process for coding bootcamp students. Utilizing the MVC design pattern, Spring Boot with Spring Security, Thymeleaf, and MySQL, TechTrek provides web development students a one-stop resource for applicable job postings, career events, and resume assistance.

ADLISTER MAY 2020

Full-stack application utilizing MVC design, JSP, JSTL, Java Servlets, and a MySQL database. Users can post and search through ads, and create, edit, or delete their personal ads.

MOVIE APPLICATION March 2020

Full-stack application utilizing OMDB API and Bootstrap framework. Allows users to create a personal movie list, add existing or new titles, and modify or delete specific movies.

WEATHER MAP March 2020

JavaScript-driven application utilizing DarkSky and Mapbox APIs to project weather at any global location. Includes search functionality and geolocation to correctly project a three or seven day forecast.

EDUCATION

Codeup June 2020
Certificate of Completion

A fully-immersive, project-based, and intensive 20 week full stack Java career accelerator that provided students with 670+ hours of expert instruction in software development.

St. Edward's University July 2011
B.A. - Theater
Minor - Communications
